## Curve Case for AirPods (3rd GEN)

### About The Product

Details in texture. One of our signature designs, elevated for the latest AirPods (3rd generation) with a cleaner striped finish and new pastel colorways. Lightweight protection that looks good, feels even better.

### Why have we created Curve Case for AirPods?

While this line of our AirPods protection – a take on the classic silicone case – may be the most basic, it may also be the one we spent the most time designing and re-designing to ensure it was up to our standards. We've upgraded for the AirPods (3rd gen) with a refreshed and sleeker striped design to enhance your everyday with your latest tech.
