## Belt Cable (USB-C to Lightning)

### About The Product

Unlock the new standard of charging. An everyday charging solution designed with Power Delivery support for the fastest charge ever in refined style.

### Why have we created Belt Cable?

Having a cable with us wherever we go is no longer an afterthought – it's a necessity. After experiencing too many broken, tangled cables, we decided enough was enough. Something we all need to use on a daily basis deserves to look, feel, and work better. We crafted Belt Cable as a solution that we know will last a lifetime, and will make staying organized easier in your day-to-day.

### Thoughtfully designed to fit your lifestyle

- For iPhones, iPads & AirPods
- Made better for the Earth with an innovative eco-friendly construction: 100% recycled PET braiding, 100% recycled TPU housing & 75% recycled bonded leather strap
