Ultralight Sleeve for MacBook

About The Product

As light as air, as protective as ever, ready for action. Crafted with 100% recycled water-resistant ripstop fabric, Ultralight Sleeve marries lightweight materials with durable protection to keep your valuable device bump, bang, and scratch-free.

Why have we created Ultralight Sleeve?

With Ultralight Sleeve, we wanted to try something different – the same minimalist approach but with a sportier, more active-inspired edge. We chose ripstop fabric to capture that outdoor, athletic look and feel while maintaining the same standards of durability as our previous sleeve solutions. A first with this new material, but hopefully not the last.

Thoughtfully designed to fit your lifestyle

- Everyday protection in a modern finish
- Crafted with ripstop fabric, a reinforced material that boasts high durability in lightweight form
- Made better for the Earth with 100% recycled ripstop fabric, foam padding & lining
- Form-fitting construction & foam padded interior for 360-degree protection
- Quick-access pocket keeps other essentials in reach
- Soft interior lining, water-resistant exterior fabric & zipper offer extra protection against splashes & scratches
- Cord zipper pulls in a contrasting color add a bold accent to your carry

Launching Oct, 2023
